MESSAGE FROM THE PRESIDENT

Dear Colleagues, friends and members of our family ICP,

Another festival season and year is behind us and ahead of us, especially in the Northern Hemisphere are cold days and nights while in the Southern Hemisphere it should be lovely and warm. Those who live in the Southern Hemisphere are envied by those shivering in the cold.

Things are well on the way for attendance at conferences in South Africa and Sevilla. Those who are coming to South Africa I would suggest the Fountain Hotel which is reasonably priced and of good quality. It is near the convention centre. I would also consider the Hotel Viapol, in Sevilla which is also very convenient and near the University where the ICP conference will be held. I will be arriving a day early and staying a day later after the conference to meet you all and have a pre-convention informal get-together. As usual I reiterate the importance of our finding new members who will hopefully be coming to the conferences this year. I look forward to meeting you all in South Africa and Sevilla. I would like to thank our President Elect, Tara Pir for organising the ICP Symposium in South Africa.

I am extremely grateful to all who have worked for the betterment of ICP and helped to move us forward. I would like to thank those who have given us staunch support and their valuable time and expertise to our organisation. When there has been any disagreement it has always been sorted out in an amicable and decisive way with no-one feeling (I believe) upset by the decisions made. We have therefore made some hard decisions about membership dues and commitments through our Financial Committee Chair Michael Stevens and our Treasurer Gerald Gamache. We are moving forward with our website and I would like to thank Ann Marie O’Roark and Beverley Stevens for all the work they are currently doing to make things better. There will be links to other websites to which ICP has an affiliation. I would like to thank Nancy Quatrano and Ann Marie O’Roark our Past President for their sterling work with the compiling and publishing of the IP. If anyone is interested in assisting or producing the IP please contact Ann Marie.

In a couple of months my sheep will bear lambs and then spring will be on the way. I personally look forward to Spring and hope you do also. Which reminds me that the Spring Elections are due soon. Please start thinking about Board nominees to put forward and also please participate in the voting.

Elected Board Members please do not forget your Annual Reports of activities, to be submitted to Ann Marie for inclusion in the next edition of the IP. Dr Sandra Neil our World Area Chair is eager for your contributions. Those thinking of attending our Sevilla conference please think about workshops as well as presentations. Dr Ani Kalayjian our Continuing Education Chair is ready to receive any proposals for the 70th Annual Meeting in Seville.
[President, continued from page 1]

I am sure that you and I are hoping for a regeneration of ICP in the future and that we may grow from strength to strength and pass on our good work from one generation to the next.

I am certain that you as well as I owe a great deal to past members of our family. Some may not be here and others may not be able to attend due to frailties of aging. I wish to thank everyone past, present, and future for the support you have given to our organisation and family of ICP.

Ludwig Lowenstein

**MEMBERSHIP VOTES ON NEW FINANCIAL POLICIES**

**FEBRUARY 2012**

The following policy changes were approved by the Board of Directors and submitted by mail and email to the paid membership during February, for their vote. Nancy Quatrano, non-member and independent consultant, collected the votes in confidence. Twenty-five members voted and unanimously approved policies 1 through 3. One member voted against proposal #4. Only 2 votes were submitted by mail.

The proposals are stated below:

1. Any Life/Permanent Member claiming permanent hardship will be asked to pay half of their annual membership dues (Category A = $50, Category B = $30, Category C = $20). Life/Permanent Members requesting hardship will do so in writing privately to any member of the Executive Committee, which then will submit the circumstances to Board of Directors for consideration.

2. All other Life/Permanent Members are asked to pay full membership dues according to their country category.

3. Any Life/Permanent Member who does not pay either full or hardship membership dues for two consecutive years beginning in 2013 will be placed on an inactive member list beginning 2015.

4. In order to receive the *IP* and other correspondence by post, a $20 annual administrative fee is requested of all members who indicate such a preference.
Plans are in process to possibly embed the ICP, Inc. annual conference within the next IUPsyS congress, ICP2016. Financial and space requirements could not be arranged to do so this summer. Moreover, Board Director Ana Guil was able to arrange for the University of Seville to host the ICP, Inc. annual meeting pro bono, as the Chicago School of Professional Psychology did in 2010.

Director Roseline Davido is researching dates and sites for 2014 that would enable ICP, Inc.’s annual meeting to be in proximity to the quadrennial IAAP congress. While nothing definitive is on record for 2013, APA meets in Hawaii, so possibilities for that region are especially welcome.

ICP, Inc. Membership, as mentioned above, is open to allied disciplines. We can see how rapidly professionals accelerated interest in international / global association by the exponential growth in the number of international groups. ICP, Inc. remains one of the few associations that has individual members and is deliberately inclusive, wanting representation of all specializations within psychology and, now, within professions interested in human well being and mental health.

ICP, Inc. opens its arms to welcome new members. As an incubator association that historically encouraged members from less affluent regions and met in places no psychology association has previously visited, our success in introducing professionals to the scientific program arena and launching young careers means that many have left the nest to move on into specialty and regional associations. Thus, the third priority is as it has been for the past three years: Recruitment of new members. Italy won the award for the first year of recruiting the most new members. Tara Pir, current President Elect, won the award for recruiting the most new allied discipline new members the second year. This year, a special appreciation will be presented for recruitment of new members from countries that are not now represented in the dues-paid membership listing.

Looking forward to hearing from you with your Nominations for the 2012 Elections, with proposals for future annual meetings, and with many new members from your region.

Warm Regards and Sla’inte,

Ann Marie O’Roark, PhD, ABAP
Greetings!

ICP has historically provided scientific programs at our international conventions. The conventions help foster two points of our mission in particular: To advance the science and practice of psychology; and to foster international professional development, networking, communication, mentoring and friendship among psychologists and allied mental health professionals and social scientists.

ICP has successfully conducted conventions globally, among the many host countries were China, France, Australia, and Russia, with the goal of continually reaching and creating networking opportunities with more professionals, enhancing research and improving the practice of our profession. The structure of our Program Development and Outreach and Engagement is to have a Worldwide Chair and a Local Area Chair. We have a Local Area Chair for the very purpose of recruiting and communicating with local professionals through smaller local conventions. For example, we recently held several conferences in Padua, Italy. We also held a conference in Los Angeles, where we collaborated with the Western Psychological Association and APA Division 52. This year we are in Seville at the beautiful Universidad de Sevilla. Founded in 1505, the University of Seville is the cultural center of Spain, and will co-host our convention.

I want to take this opportunity to acknowledge the many contributions to our field from Europe. Sigmund Freud immediately comes to mind, but there are many others, including Broca from France, Adler from Austria and Piaget from Switzerland. I look forward to the new contributions that will be made as we share our wealth of knowledge and commitment to psychology with each other and this region of the world.

I am also excited about meeting new and emerging professionals in our field. We must do our part to encourage, motivate and mentor their development. We would like to see many of our doctoral students and interns participate. We are planning to designate slots for paper and poster presentations in addition to negotiating affordable accommodations in the University dorms.

As you know, as the President-Elect, I am responsible for the development and coordination of the Scientific Program for our 2012 Annual Convention. I am inviting all health and mental health professionals to submit their research and proposal abstracts related to the theme of our conference: Women and Immigration. Submissions will be considered for Keynote Address, Symposium, Round Table, Paper Presentations, and Social / Conversation Hour. The submission form is attached. Submissions are due by May 1st.

Warm Regards,
Tara Pir
MESSAGE FROM THE TREASURER
Gerald L. Gamache, PhD, USA

February 29, 2012. St. Augustine, Florida. FIRST AND MOST IMPORTANTLY. A FRIENDLY REMINDER. ICP has sent out two dues letters by post for those individuals not having e-mail addresses, and three e-mails to those who do, with the following results.

From all notices sent out, 40 individuals who paid 2011 dues have not paid 2012 dues. This represents $3500 to $4000 less revenue which in turn creates problems for budgeting, and requires cuts in our projected activities and ICP expenditures.

Please, if you have not done so, pay your 2012 dues! Expedite that payment through the web site: ICPWEB.ORG. If you prefer not to use PayPal, your own credit card will work.

Caveat: ONLY individuals who are paid in full are eligible to vote or to be elected to office. All placed on the ballot are ONLY eligible to be elected if current dues are paid.

And, it takes more than money to keep an organization going. Remember to volunteer for board, committees, and conference leadership positions. I suggest you send your letter of interest to any of the Executive Board members.

The ICP, Inc. Board of Directors and members approved the new policies developed and submitted by the Finance Committee last fall. Thank you to the committee and to all those who voted on the new policies.

Respectfully Submitted,

Dr. Jerry Gamache, ICP Treasurer

LONG RANGE PLANNING COMMITTEE
Dr. Janet Sigal

The Long Range Planning Committee (LRPC) is pleased to announce that ICP will have two meetings in 2012.

- The first is the quadrennial symposium that ICP organized in cooperation with the International Congress of Psychology and IUPsyS in Cape Town, South Africa from July 22-27.
- The Annual Conference and Board Meetings for 2012 will be held in Seville, Spain from September 10-September 14. Guidelines for presentation submissions for the Seville ICP scientific program are included in this IP52.1.

Plans are being made for a possible conference in Singapore in 2013. An exploration of meeting in St. Augustine, Florida is in-process. Work has begun for an ICP conference in Paris, France in 2014.

If you are interested in hosting an ICP conference in the future, please send the following information to Janet Sigal, email, Janet 2822@aol.com and Martin Butler, Roseline Davido, Janet Sigal, Florence Denmark, lunch in NYC—ideas for 2013 conference.
GUIDELINES FOR HOSTING AN INTERNATIONAL COUNCIL OF PSYCHOLOGY ANNUAL CONFERENCE AND BOARD MEETING

The International Council of Psychology, Inc holds an annual scientific program and Board meeting each year. The conference host (local arrangements committee, coalition or proposal agents) must be a member of ICP, Inc. To establish the feasibility of submitting an application, a potential applicant might begin with an overview of some logistical issues for proposing a Congress venue:

- Is there a conference venue to host at least 100 participants?
- Are there sufficient hotel rooms close to the conference venue?
- Is there a scientific community to support, develop or sponsor the program?

How are Countries Selected?

If you believe your country/city/university would be appropriate for hosting an International Council of Psychology annual meeting, you may wish to submit an application. It is the ICP, Inc. Board of Directors that votes for the selection. Although it is hard to predict just what features of a proposal define the voting outcome, the Board typically takes the following items into account (the order of the items which are listed here is not necessarily in the order of importance):

Geographical Rotation among continents and countries attempts to guarantee broad geographical coverage, proximity to other major professional conferences, or in regions where psychologists may not have presented a scientific program previously.

The scientific community in the conference country is especially invited to participate in the scientific program.

Communication: There is a requirement for intensive and frequent communication between the Board President, Scientific Program Chair, Local Arrangements Chair, Workshops Chair, InAbsentia Student Posters Chair, and Awards Chairs.

Costs for participating in the Congress are another factor. The Board will expect that the registration fee will be reasonable, that there is a range of good hotel rates (particularly including inexpensive ones), and that travel costs can be kept as low as possible.

Despite efforts to keep costs low, travel is expensive for young psychologists, and for psychologists from the developing world and transition countries. It is therefore important to provide a plan that will guarantee special fees, housing, and support for those colleagues. This plan should be clearly outlined in the budget, including special provisions for ARTS programmes (by agreement, at least 30 ARTS participants are provided registration waivers).

A balanced budget needs to be provided in outline. It is important to show realistically how the income (registration fees and other) will cover your costs. It may be helpful to consult the preceding organizers of Conferences in drafting the budget. The budget is reviewed by the President and the Treasurer, who can offer advice.

The International Council of Psychologists adheres strictly to the ICSU principles of free circulation of scientists. Provide evidence that any scientist, from whatever country, will be allowed to enter your country without special requirements (except for the regular passport and visa).

Timing

Before the next International Council of Psychologists (in 2012 Seville, Spain, September 8-14)

- Submit a letter of intent to the Long Range Conference Planning Chair.
- The finalized application file should be forwarded to LRCP Chair, ICP, Inc. President, and Treasurer several months ahead of the Conference meeting date.

ICP 70th CONFERENCE

CELEBRATING 70 YEARS OF WORKING TOWARDS
HEALTH, PEACE AND SOCIAL JUSTICE
Women & Immigration

The next International Council of Psychologists’ Annual Meeting will be celebrated in the University of Sevilla (Spain), from 10 to 14 September in 2012.

Situated on the shores of river Guadalquivir, its capital -Sevilla- has the fame of being one of the most beautiful cities in Spain, with approximately 700,000 habitants. Its climate is very pleasant in the spring and autumn; and beer, wine and tapas (appetizer) are of reasonable price, variety and exquisite. Sevilla is located in the South of Europe, near Africa. You can arrive by plane (0:50h from Madrid) or by train “Ave” (2:30h from Madrid).

Its University, founded in 1551 is the oldest in Europe and in actuality one of the biggest in size and excellence in Spain, with 70,000 students and over 4,000 teachers and investigators.

Its more emblematic building -the rector- is located in the Old Tobacco Factory, where it assumes that the mythical Carmen worked (the protagonist of the novel of Prosper Mérimée, which used Georges Bizet in its famous Opera).

Psychology studies started at the University of Sevilla 36 years ago. Today, its teaching personnel are divided into four departments: Personality, Evaluation and Psychological Treatments; Developmental and Educational Psychology and Experimental Psychology; and Social Psychology.

And it also bestows the Grade of Psychology, seven different Masters: Educational Psychology; Health Psychology; Social Intervention and Community Psychology; International Migrations, Health and Wellbeing: Models and Strategies of Interventions; Organizational and Work Psychology; Advanced Studies in Brain and Behaviour; and Family Mediation Intervention.

Government announces reinstatement of Better Access sessions

The Minister for Mental Health, Mark Butler, announced yesterday that the additional six sessions of Better Access treatment under exceptional circumstances will be reinstated for a transitional period from 1 March to 31 December 2012. This is very welcome news and the Federal Government should be congratulated. The reinstatement of the sessions is extremely important for vulnerable people with more complex mental health disorders who have been left without access to appropriate treatment as a result of the funding cuts brought last year.

The Government’s decision is a direct reflection of the strong and persistent APS advocacy efforts since the cuts to Better Access were announced in last year’s Federal Budget. Many individual members have also campaigned on their clients’ behalf for the Better Access sessions to be reinstated and this decision recognizes their efforts. The APS will continue to press for the reinstatement of sessions announced by the Government to be made permanent so that these vulnerable people are not further disadvantaged.

Under the interim arrangements announced by the Government, the maximum standard number of rebatable sessions per calendar year under Better Access will remain at 10 (provided in groups of 6+4 sessions). However, during the transitional period, eligible clients where ‘exceptional circumstances’ apply can receive up to a maximum of 16 sessions (6+4+6) per calendar year. Clients will be eligible for the additional six sessions under exceptional circumstances during the transitional period from 1 March 2012 until 31 December 2012.

Interesting Survey Online

Why did you become a psychologist?

This research will explore The Relationship Between Motivation for Becoming a Psychotherapist and Empathy. Increase your self-awareness by becoming aware of your personal motivation for wanting to enter this helping profession, and ways in which this may affect how you relate to clients. It is hoped that results will address the overlooked need for systematic empirical research into the effect of therapist motivations: beneficial for improving the quality of psychotherapy, as well as practitioner training and supervision.

We are seeking registered Counseling or Clinical psychologists. Participation involves completion of an anonymous 25 minute online survey. Questions address relationship, personality, family of origin, and motivational factors.

I have contacted the British Psychological Society and written a short article concerning ICP and the coming conferences, and ICP's desire for an increase in our membership. In the article I referred to new possible members to Julia Rose our membership secretary.

In my own area I have written a number of articles, many of which are on my websites. These are:

1. New horizons in treating couples in conflict.
2. Automatism of criminality?
3. Understanding and dealing with the treatment of actual terrorism.
4. A combination of schizophrenia and criminality.
5. The grieving offender.
6. The injustice of wrongful imprisonment.
7. The manipulative alienator.
8. General anxiety disorders (GAD),
9. The alienated psychologist.
10. Personality disorders (recent research).
11. When is the aggressor also a possible victim.
12. Learned helplessness.
13. Angry sadistic alienators.
14. The assessment and treatment of children who have been alienated.
15. The alienator who abducts the child.
16. The vicious alienator's game-plan.
17. The parent alienator who abducts children.
18. The psychological aspects of severe facial injuries.

As you may note it has been a busy year mainly in the courts where I have represented some of the most salubrious clients in the UK as well as in Ireland.

Area Chair, Canada
Professor John Tivendel

Dear ICP members and ICP-philes,

Here in Atlantic Canada we have a most idyllic environment, in which to live, to study and to work. We are the birthplace of Canada, and in a number of ways. For instance we are the home of the first settlers from France, i.e. the Acadians, over four hundred years ago. We were the birthplace of the famous Beothucks, and today of many Kablunângajuit and Sivunivut Inuit communities, and of many Mi'kmaq and Malesete communities. Finally we must also mention the oodles of settlers, castaways and political and religious refugees that have made this area their home. There are descendants of Africans, Germans, Irish and Scottish settlers, and later peoples from all over the world, who live and enrich each our communities. Geographically we have some of the best places to explore, such as the Cape Breton Trail, Marconi’s famous Signal Hill, the Bay of Fundy with the highest tides in the world and, the banks off of Campobello and Grand Manan islands where there are more whales and more types of whales than anywhere else on the planet. In addition to rich human communities and outstanding geography, and being the home of most of Canada’s best universities, we remain one the best kept secrets. However, as a privilege for being a member of ICP or an ICP-phile, you can be introduced to these wonders and, indeed, I hope that you will soon be personally exploring our shores.

Thus it is perhaps not too surprising that psychology in Atlantic Canada is important, dynamic and vibrant. There are brand new professional doctorate programmes at both Memorial and Moncton universities, which have joined the usual undergraduate and post graduate programmes to be found. There is also a renewed dynamism amongst the psychologists teaching in Prince Edward Island University and in both campuses of the University of New Brunswick and, we continue to see the results of the high level output from the psychologists at Acadia, Dalhousie, Mount Allison, Mount Saint Vincent, Saint Anne’s, St Francis Xavier, Saint Mary’s and Saint Thomas’ universities. I have personal friends and colleagues in each of these institutions and their work will attest to the validity of these adjectives. Together these offer courses and services in all areas of psychology, including clinical and counselling, cognitive and developmental, educational and forensic, and in social and in industrial and organisational psychology, to name a few. As are our communities, these universities are relatively small and thus offer a more friendly and efficient setting in which to work and live.

[continued on page 17]
Indeed hundreds of leaders across Canada and the world, both inside and outside of academia, have been residents of these universities. Moreover, note that two of these universities are French language institutions, which adds to our area’s attraction.

So, if you are French or English speaking, or an Anglo or a Franco-ophile at heart, and if you are considering sending your best students to a place where they will be quickly adopted and able to flourish, or if you yourself are considering a place to spend a sabbatical or a vacation, you should explore Atlantic Canada. However there is one important drawback, one that I and my family have had to suffer: i.e., if you come «from away», as we did, you might end up staying!

Bienvenue chez nous!

Dr. Sarlito Wirawan Sarwono

My name is not in your list, but Dr Davido urged me to contribute to your call, since I was appointed as a Director at Large at the Washington convention last summer.

There are some personal and general information I would like to share. Personally, as a psychologist, I am no longer the dean of the Faculty of Psychology, University of Indonesia since 2004. Currently I am the dean of the Faculty of Psychology of private university, Persada Indonesia University, Jakarta. However, at the University of Indonesia I have been appointed as the Head of the Graduate Study on Police Science, Postgraduate Program, of the university since 2006. My research interest shifts to police psychology, particularly the study of terrorism. In line with my academic interest, I am also appointed as an expert consultant to the Chief of INP (Indonesian national Police) and the NACT (National Agency for Counter Terrorism).

One of my research is a collaboration with Dr Roseline Davido, a French psychologist, who develops CHaD (Childhood Hand that Disturbs) test. I use the test to analyze the psychological profile of some ex-terrorists who have been released from jail. The result was presented at the 2011 ICP Convention at Washington, and I am still working on it to be published as a book in French (translated by Dr Davido).

Concerning the general information on Indonesian psychology, it is worth knowing that the Indonesian parliament is discussing a draft on Mental Health act. The draft was coined by the Ministry of Health and mainly dominated by psychiatric paradigm, which minimize to its lowest degree the role of psychologist as expert witness in court. The Indonesian Psychological Association is working very hard to negotiate with the politician and to socialize the psychological version through the media.

Another thing that is interesting to observe is the new tendency of faculties of psychology in Indonesia to run national or international seminars, training, convention, or other academic occasion on different kinds of topics. Started in the year of 2001 by the University of Indonesia, when I was the dean, running an annual Psychology-EXPO, today we can witness almost every month there is an invitation for an event on different fields of psychology (clinical, social, cross-cultural, therapy, testing, political etc). This academic atmosphere will accumulate until next APsyA (Asian Psychological Association) 4th Biannually Convention. In Jakarta, organized by Tarumanagara University, Jakarta.

Sincerely yours,

Dr. Roseline Davido

I have been a member of the International Council of Psychologists since 1989, thanks to my interactions with Dr. Ann O’Roark and Lisette Fanchon, then-president of the ICP, who I met at the Ecole des Psychologues Praticiens in Paris.

I am currently proud to be a part of the Board in my capacity as Area Chair, a position I’ve held since the August 2011 symposium in Washington. Tasked with representing France in order to increase membership, I have had some trouble recruiting members primarily due to the language barrier: many worry that their English-speaking skills are inadequate, and thus prefer not to participate.

Yet despite such barriers, these international symposia have allowed me to meet a number of colleagues with whom I continue to collaborate, such as Dr. W. Cassel, creator of the Somatic Inkblot, and Dr. Sarlito, with whom have had the honor to conduct research based around a projective test that I created, the Davido-CHaD.

This year, the Université Française regards the Davido-CHaD as a full-fledged projective test, and is publishing a book in which two chapters are dedicated to it.

My book about Doodles has just come out, and the fifth edition of Discovering your child through Drawings will be out on January 10th, 2012. The latter has been translated into eleven language, including Chinese, Japanese, Russian, and Spanish, and will add an Indonesian translation in June.

The ICP facilitates fruitful and rare exchanges with members who are passionate about human and international relations.

Long live the ICP!

Roseline Davido, Area Chair (France) and Board Member

Dr. Chris E. Stout, APA International Humanitarian Award Winner

Citation: "For his tireless pioneering of cross-disciplinary projects world-wide, in healthcare, medical education and sciences, human rights, poverty, conflict, policy, sustainable development, diplomacy, and terrorism, all of which result in a tapestry with psychology serving as the integrating thread, we honor Dr. Chris Edward Stout. He is a rare individual who takes risks, stimulates new ideas, and enlarges possibilities in areas of great need but few resources. He is able to masterfully navigate between the domains of policy development while also rolling-up his sleeves to provide in-the-trenches care. His drive and vigor are disguised by his quick humor and ever-present kindness. He is provocative in his ideas and evocative in spirit. His creative solutions and inclusiveness crosses conceptual boundaries as well physical borders. No one is more deserving of this highest recognition than our esteemed colleague, Dr. Chris Edward Stout, whose work and impact spans the globe."

NEWS FROM DR. MACHIKO FUKUHARA, JAPAN [Excerpts]

The JAMC (Japanese Association of Microcounseling) which I preside over, is going to hold an annual convention on March 25, 2012. There, we have invited a psychiatrist who is very much involved with the disaster of last year and doing activities there, to be our keynote speaker.

The memorial day of March 11 is coming soon. There are many activities planned to remember it and encourage people there. The Japanese seem to be strong....

With best wishes and warm regards,
Machiko

The late Dr. Grotberg was a founding director of the Center [for Global Initiatives] and is sorely missed. She spent five years in Sudan, teaching at the Ahfad University for Women in Omdurman. There she began her work on resilience, which culminated in an international study of the promotion of resilience, with data gathered from 27 sides in 22 countries. Her books on resilience include, A Guide to Promoting Resilience in Children: Strengthening the Human Spirit; Tapping Your Inner Strength: How to Find the Resilience to Deal with Anything; and was Editor of Resilience for Today: Gaining Strength from Adversity. She conducted work with UNICEF, OECD, UNESCO, and ICC. She worked with colleagues in Argentina, Chile, Peru, and Brazil, to enhance resilience skills and behaviors. Her last work involved life-long well-being in the western hemisphere.

The International Congress of Psychology, held every four years under the auspices of the International Union of Psychological Science, is the flagship event in international psychology. The previous 29th ICP was held in Berlin in July 2008 and attracted some 11,000 abstract submissions and over 10,000 delegates. The 30th International Congress of Psychology is the first to be held in Africa, and is organised by the National Research Foundation of South Africa and the Psychological Society of South Africa, in partnership with key South African universities and national government departments.

Organised around the theme Psychology Serving Humanity, the congress will highlight how psychology translates its science and practice into the knowledge, skills and tools that are able to underpin the human condition. Besides Invited Addresses and Symposia by global leaders in their fields, there will be scintillating State of the Science Lectures and Controversial Debates on topics of current interest, and exhibitions by leading publishing houses, technological innovators and international psychology organisations. Special activities will include an exciting Emerging Psychologists’ Programme, Advanced Research Training Seminars for psychologists from the developing world, various pre and post congress satellite conferences and a variety of tours (including famous World Heritage sites like Robben Island and Table Mountain) and breathtaking wildlife safaris for delegates and accompanying persons.

From: Dr. Jerry Gamache, ICP Treasurer
To: ICP Board of Directors

Subj: Gifts to 501(c)3

Background: ICP operates as a IRS designated 501(c)3 tax exempt organization which means ICP does not pay federal income on revenue earned. Such designation allows dues or registration at ICP conventions to be tax deductible for the membership. However, ICP has no guidelines for accepting contributions or donations.

IRS Guidelines: The IRS guidelines are contained in the 2010 Individual Tax Return Form 1040 Instructions, paragraph 615, lines 16 – 19.

“The following are deductible as charitable contributions in money or property (but not the value of your time or services) to domestic organizations operated exclusively for religious, charitable, scientific, literary, or educational purposes or the prevention of cruelty to children or animals; domestic fraternal organizations if the gifts are to be used exclusively for religious, charitable, scientific, etc., purposes; veterans’ posts and organization; federal, state, or local governments if the gift is made exclusively for public purposes; qualified private organizations engaged in fostering natural beauty; or nonprofit cemetery and burial companies.

For the taxpayer seeking deductions:

Unreimbursed expenses incurred in performing services for a charitable or governmental organization may also be deductible. This includes the cost of special uniforms, auto, travel expenses, and other actual expenses in doing volunteer work for a qualified organization. A taxpayer who uses his auto in performing services for a charity can deduct either his actual out-of-pocket expenses for oil, gas, etc., or a flat 14 cents a mile. Add parking and tolls to the amount you claim under either method. But do not deduct and amount that were repaid to the taxpayer.

Travel expenses, such as for transportation, meals, and lodging, incurred when a taxpayer is away from home performing services for a charitable organization are deductible, provided that there is no significant ele-

ment of personal pleasure, recreation, or vacation in the travel. However, the fact that the taxpayer enjoys the service to the charitable organization, such as where a troop leader takes a youth group on a camping trip, will not cause the deduction to be denied.

Discussion: ICP should adapt a policy regarding gifts or donation.

Suggestion: ICP, when approached by a contributor contemplating a gift or donation, should request a specific purpose for that gift or donation, which could be either a gift or donation to the general fund or a specific project. When accepted, a letter acknowledging the gift or donation shall be written by the President, or at the Presidents’ discretion, the Treasurer.
Dear Member of the ICP Inc, family,

We have not heard from you for a very long time and we have missed you very much at our meetings. Members talk about you repeatedly and wonder why you have not attended meetings and conferences. I hope we can remedy this now. I as President of ICP Inc. invite you personally to come to our 70th annual conference in Sevilla in Spain, 10-14th September. Details will soon be on the website www.ICPWEB.ORG. I would welcome you getting in touch with Dr Julia Rose who is the Membership Secretary (correspondence to 111, Hagley Road, Edgbaston, Birmingham, B16 8LB, UK. Email: rosejulia6@aol.com. You can also contact her by telephone on 447545915396.

Please also be aware that ICP Inc. is meeting in South Africa for a symposium as part of the International Congress of Psychologist on 22-27 July 2012 in addition to our meeting in Seville in September. Why not send a proposal for Seville conference to Scientific Programme Chair, Tar Pir (tarapirimces@mces.com). Your participation would be welcome.

Many of you are located in our ICP Inc. Emeritus Membership Directory. Your name is there but we would prefer to have you in person at our next conference(s) and possibly to provide a paper or symposium or workshop, or simply meet old colleagues and friends. Keep an eye on our website for news www.ICPWEB.ORG.

I have fond memories of when you attended in the past and I think it is time that you came back to our ICP Inc. family. You may remember some of our current officers, Ann Marie O’Roark who is our Past President and Gerald Gamache who is currently our Treasurer as well as Tara Pir who is our President Elect.

It is unfortunate that some of our most dedicated members are no longer with us but for those that are, please let us meet again at one of our next conferences. If you cannot attend in person here why not catch up with ICP Inc. activities and members in the newsletters and send us information about your recent activities, publications, photos of life events for inclusion in a future IP.

We look forward to welcoming you all. Please make direct contact with Dr Gerald Gamache our Treasurer at 8 Althea Street, St Augustine, Florida 32084. Tel No: 19048245668 email: Geraldgache@bellsouth.net who would be happy to include you in our list of current paying members. If you do not choose to renew your active membership with ICP Inc. at this time please let us know the reason why. If you do not wish to become active please let us know what volunteer work you would be willing to take on. All of us welcome you back and look forward to hearing from you soon.

MESSAGE FROM IP EDITOR: NEW STAFF SEARCH UNDERWAY

Thank you for reading the International Psychologist and for viewing the ICPWEB.ORG site. Please let us know if you have news. We are eager to hear what you are doing and about the state of psychology and allied professionals in your region. Serving as newsletter editor is a new assignment given to the immediate Past President. This is something I love to do, yet know it is time to recruit someone interested in this role and willing to begin assisting with the quarterly preparation, learning the ropes. With training in journalism, the learning curve for me has been with computer composition and internet dissemination. For psychologists or allied professionals, that background in journalism may be the new learning curve. Whichever curve you see, your interest in the newsletter will be most welcome.

The deadline for material submission for IP52,2 is set for May 15. Please mark your calendars so that late submission can be reduced. Late materials pose a problem for both the Editor and, especially, the Publisher who has other obligations with little “wiggle” room for delayed composition of the IP.

Photos and information about publications and changes in residence or work are welcome.

Respectfully Submitted,

Ann Marie O’Roark, PhD, ABAP
